

# 30 Best Betta Fish Plants To Add In Your Aquarium

If you are a Betta fish enthusiast and want to create a visually pleasing and stimulating environment for your beloved aquatic companion, incorporating live plants into your aquarium is the way to go. Not only do plants add natural beauty to the tank, but they also serve important functions such as oxygenation, filtration, and shelter for your Betta fish.

In this article, we have curated a list of the 30 best Betta fish plants that you can consider adding to your aquarium. These plants not only come in various vibrant colors but also have different growth requirements, making it easy to find the perfect match for your aquarium setup.

## 1. Anubias Nana

The Anubias Nana is a popular choice among Betta fish owners due to its low maintenance and beautiful appearance. With its dark green, waxy leaves and slow growth rate, this plant creates a captivating contrast in your tank.

## 2. Java Fern

Another commonly chosen plant is the Java Fern. Its unique leaf structure adds an interesting dimension to the aquarium. This plant thrives in low-light conditions, making it perfect for tanks without strong lighting setups.

Alt attribute keyword: Java Fern Betta Fish Plant

## 3. Amazon Sword

The Amazon Sword is a popular choice for Betta fish tanks due to its ability to grow quickly and fill up empty spaces. With its long and broad leaves, this plant provides excellent cover for your Betta fish to rest or hide.

Alt attribute keyword: Amazon Sword Betta Fish Plant

## 4. Moneywort

The Moneywort, also known as Creeping Jenny, is a trailing plant that adds a lively touch to your Betta fish tank. Its bright green color and fast growth rate make it an excellent choice for beginners.

Alt attribute keyword: Moneywort Betta Fish Plant

## 5. Hornwort

Hornwort is a popular floating plant that requires minimal care and provides excellent shade for your Betta fish. Its long stems and bushy appearance make it a great addition to any aquarium.

Alt attribute keyword: Hornwort Betta Fish Plant

## **6. Java Moss**

Java Moss is a versatile plant that can be used to create beautiful aquascapes or simply to add some visual interest to your aquarium. It has a dense growth pattern that provides ample hiding spots for your Betta fish.

Alt attribute keyword: Java Moss Betta Fish Plant

## **7. Cryptocoryne Wendtii**

The Cryptocoryne Wendtii is a popular choice due to its beautiful color variations and hardiness. This plant tolerates a wide range of water conditions and can thrive in low to moderate light.

Alt attribute keyword: Cryptocoryne Wendtii Betta Fish Plant

## **8. Water Wisteria**

Water Wisteria is a fast-growing plant that adds vibrancy to your Betta fish tank. With its finely divided leaves and bushy appearance, this plant creates a stunning visual effect when planted in groups.

Alt attribute keyword: Water Wisteria Betta Fish Plant

## **9. Marimo Moss Ball**

The Marimo Moss Ball is a unique spherical plant that resembles a ball of moss. It requires minimal care and provides a naturalistic element to your Betta fish tank.

Alt attribute keyword: Marimo Moss Ball Betta Fish Plant

## **10. Dwarf Baby Tears**

Dwarf Baby Tears is a popular carpeting plant that adds a lush green carpet effect to your aquarium. It requires high light intensity and regular CO2 supplementation for proper growth.

Alt attribute keyword: Dwarf Baby Tears Betta Fish Plant

## **11. Rotala Indica**

The Rotala Indica, also known as Indian Toothcup, is a visually striking plant with colorful foliage. This plant adds a vibrant touch to your Betta fish tank and thrives in moderate lighting conditions.

Alt attribute keyword: Rotala Indica Betta Fish Plant

## **12. Christmas Moss**

Christmas Moss is a popular choice for aquascaping due to its unique growth pattern and attractive texture. This plant provides ample hiding spots for your Betta fish and creates a soothing environment.

Alt attribute keyword: Christmas Moss Betta Fish Plant

## **13. Vallisneria Spiralis**

The Vallisneria Spiralis, also known as Straight Vallisneria or Corkscrew Val, is a stunning plant with long, spiraling leaves. It adds a dramatic effect to your Betta fish tank and can tolerate a wide range of water conditions.

Alt attribute keyword: Vallisneria Spiralis Betta Fish Plant

## **14. Water Sprite**

Water Sprite is a delicate plant with finely divided leaves that create a lush green backdrop in your Betta fish tank. It is easy to care for and provides excellent cover for your fish.

Alt attribute keyword: Water Sprite Betta Fish Plant

## **15. Banana Plant**

The Banana Plant, also known as Banana Lily or Lagenandra Meeboldii, is a unique plant with large, banana-shaped leaves. Its intriguing appearance adds an exotic touch to your Betta fish tank.

Alt attribute keyword: Banana Plant Betta Fish Plant

## **16. Sagittaria Subulata**

Sagittaria Subulata, commonly known as Dwarf Sagittaria or Rigid Hornwort, is a grass-like plant that forms a lush green carpet in your aquarium. It is easy to grow and complements any Betta fish tank setup.

Alt attribute keyword: Sagittaria Subulata Betta Fish Plant

## **17. Flame Moss**

Flame Moss is a unique moss that adds a pop of vibrant green to your Betta fish tank. With its flame-like growth pattern, this plant creates a mesmerizing visual effect.

Alt attribute keyword: Flame Moss Betta Fish Plant

## **18. Ludwigia Repens**

Ludwigia Repens is a colorful plant with striking red or orange hues that add a vibrant touch to your aquarium. It requires moderate lighting and regular nutrient

supplementation for optimal growth.

Alt attribute keyword: Ludwigia Repens Betta Fish Plant

## **19. Giant Hairgrass**

Giant Hairgrass is a tall, grass-like plant that creates a natural-looking backdrop in your Betta fish tank. It requires bright lighting and regular trimming to maintain its shape.

Alt attribute keyword: Giant Hairgrass Betta Fish Plant

## **20. Cryptocoryne Balansae**

The Cryptocoryne Balansae is a beautiful plant with tall, slender leaves that sway gracefully in the water. It adds an elegant touch to your Betta fish tank and thrives in low to moderate lighting conditions.

Alt attribute keyword: Cryptocoryne Balansae Betta Fish Plant

## **21. Hygrophila Corymbosa**

Hygrophila Corymbosa, also known as Temple Plant, is a tall, bushy plant with densely packed leaves. It adds a lush green backdrop to your Betta fish tank and thrives in moderate lighting.

Alt attribute keyword: Hygrophila Corymbosa Betta Fish Plant

## **22. Micro Sword**

The Micro Sword, also known as Lillaeopsis Novae-Zelandiae, is a carpeting plant that creates a dense, grass-like effect in your aquarium. It requires bright lighting and regular nutrient supplementation for optimal growth.

Alt attribute keyword: Micro Sword Betta Fish Plant

### **23. Ludwigia Palustris**

Ludwigia Palustris is a versatile plant with vibrant red or orange leaves that add a burst of color to your Betta fish tank. It requires moderate to high lighting and regular trimming to maintain its shape.

Alt attribute keyword: Ludwigia Palustris Betta Fish Plant

### **24. Pearlweed**

Pearlweed, also known as Baby Tears or Hemianthus Micranthemoides, is a delicate plant with small, round leaves that create a lush green carpet effect in your Betta fish tank.

Alt attribute keyword: Pearlweed Betta Fish Plant

### **25. Hygrophila Pinnatifida**

The Hygrophila Pinnatifida is a unique plant with deeply lobed, lacy leaves that add an intriguing texture to your aquarium. It requires moderate lighting and regular CO2 supplementation for proper growth.

Alt attribute keyword: Hygrophila Pinnatifida Betta Fish Plant

### **26. Water Pennywort**

Water Pennywort, also known as Hydrocotyle Verticillata, is a floating plant with round, penny-shaped leaves that create a visually pleasing effect in your Betta fish tank.

Alt attribute keyword: Water Pennywort Betta Fish Plant

Are you looking for ways to improve the quality of your betta fish tanks? Give live aquarium plants a try. Aquatic plants not only purify water from fish waste but also create a natural habitat for your betta. Betta splendens can be found in lush tropical marshes or rice paddy fields bursting with thick vegetation. Aquarium plants provide a great environment for your betta, providing him with a variety of things to do, such as a place to rest at night, and obstacles that will prevent him from seeing the ground. You can rest assured that most of the top 10 plants on our list are easy to grow and require low lighting.

This guide will show you 30 aquatic plants that are good for betta tanks. We also answer all your questions.
