Among the inhabitants of Gelatto are three brave and adventurous aliens – Scoop, Cone, and Sprinkle. These intergalactic heroes have a special power that sets them apart from the rest – they can breathe ice cream! With their unique ability, they travel across the galaxy in their ice cream spaceship, the S.S. Sundae, on a mission to spread joy and laughter.

One sunny day, as the trio soared through the cosmos, they spotted a peculiar-looking planet with vibrant colors and peculiar shapes. It seemed like the ideal spot for a picnic! As they made their descent, the S.S. Sundae encountered a slight hiccup in the landing gear. With a loud crash and a sprinkle of confetti, they crash-landed!

What a sight it was! The ice cream heroes found themselves in an enchanting and colorful place, with towering lollipops, bouncy gummy bears, and chocolate lakes. Utterly confused but excited nonetheless, they set out to explore this unexpected wonderland.

Chapter 2: The Laughing Taffy Labyrinth

As they ventured deeper into the candy-filled paradise, the trio stumbled upon a peculiar path – the Laughing Taffy Labyrinth. The moment they stepped foot into the labyrinth, the taffy walls burst into hysterical laughter! It was like being inside a giant tickling machine.

Scoop, Cone, and Sprinkle couldn't help but laugh along with the walls as they made their way through the maze. The giggles echoed in every twist and turn, spreading joy to every corner of the labyrinth.

After what felt like hours of uncontrollable laughter, the ice cream heroes finally managed to find the exit. They emerged with smiles on their faces, their bellies aching from laughter, but spirits lifted high.

Chapter 3: The Mischievous Marshmallow Martians

As the heroes continued their journey through this strange planet, they encountered mischievous marshmallow martians who loved playing pranks on unsuspecting visitors. These fluffy troublemakers would disguise themselves as trees or rocks, only to leap out and shower everyone with marshmallow fluff upon passing!

Scoop, Cone, and Sprinkle found themselves in a sticky situation, quite literally. Covered in marshmallow fluff from head to toe, they had a choice to make – either get angry or join in on the sweet and squishy madness. They chose the

latter and engaged in an epic marshmallow fight with their newfound friends, laughing until tears rolled down their ice cream cheeks.

Chapter 4: The Great Gelato Feast

After their exciting encounters, the heroes stumbled upon a grand celebration, the Great Gelato Feast. It was a magnificent gathering of ice cream creatures from various corners of Gelatto, all brought together by their shared love for frozen treats.

There were towering ice cream cones, dancing popsicles, and even a chocolate syrup fountain that flowed endlessly. But the highlight of the feast was the Giant Gelato Cake, a masterpiece made with every flavor imaginable.

Scoop, Cone, and Sprinkle joined the feast, dancing and indulging in the sweetest treats they had ever tasted. They sang along with the merry melodies, cracking jokes and making everyone burst into laughter once again.

Chapter 5: A Bittersweet Farewell

As the feast drew to a close, the ice cream heroes knew it was time to bid farewell to their newfound friends. The adventures they had shared were unforgettable, leaving behind memories that would bring joy for a lifetime.

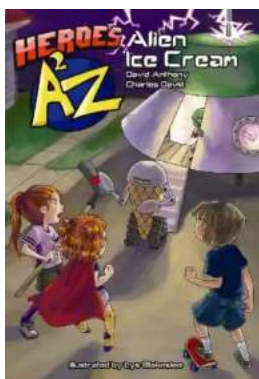

Scoop, Cone, and Sprinkle returned to the S.S. Sundae, their ice cream spaceship, with laughter still echoing in their hearts. They knew that their mission to spread joy and laughter had been accomplished on this peculiar planet.

And so, they bid Gelatto goodbye, soaring back into space to continue their journey across the galaxy. But the memories of their playful adventures would forever remain etched in their ice cream hearts.

HEROES A2Z #1

ALIEN ICE CREAM

I scream, you scream. It's alien ice cream!

Join superheroes Abigail, Andrew, and Baby Zoë as they battle a strange alien that has plans to take over the world. By pretending to be a friendly ice cream truck driver, the alien offers free ice cream to everyone in town. Sound too good to be true? It is. Because eating alien ice cream turns humans into zombies! To save everyone and stop the alien, the three heroes must travel into deep outer space. There they will have to overcome robo-cone robots and the devious alien himself.

The 14-book Heroes A2Z chapter book series follows the funny adventures of three superhero kids from Traverse City, Michigan. Each illustrated book includes over one hundred drawings and is perfect for all elementary school students, grades K-6. The books in the series also make great read-alouds.

Meet Abigail, the oldest of the heroes. When it comes to sports, she can't be beat--not at arm wrestling, not at archery, and certainly not at aces on the tennis court. Andrew comes next. He's Abigail's twin, younger by a measly eight minutes. If it has wheels, Andrew can ride it. He's amazing, astounding, and accomplished on wheels. Last but definitely not least is Baby Zoë. She's the strongest hero, like Superman in a diaper. She can't walk that well, but she can fly and shoot lasers out of her eyes. Zoë puts the "aww" in awesome.

Throughout their adventures, the superhero kids battle kung fu kitties, dinosaurs, aliens, monkey-driven monster trucks, and a rockstar from outer space. They travel to the South Pole, the Rock-n-Roll Hall of Fame in Ohio, and to scenic Mackinac Island. Wherever danger lurks, wherever villains strike, expect Heroes A2Z to save the day!
