Choosing the Right Yarn and Hook

Before diving into the world of basket crochet, it's important to select the right yarn and hook for your project. As a beginner, it's best to start with a medium-weight yarn such as cotton or acrylic. These yarns are easy to work with and provide good stitch definition.

As for the hook, choose a size that matches the recommended hook size for your yarn. This information can typically be found on the yarn label or the pattern you choose.
