Firstly, I wrote this book in memory of my sister Val who sadly lost her life to breast cancer some years ago. My youngest sister Heather also found herself fighting this horrible disease but thankfully she is doing well and at present living a wonderful life in Australia. Between June 2015 and the beginning of January 2016 I will be walking from the UK to Australia in support of Breast Cancer Research. By buying this book you are supporting me and indirectly supporting the charity.

In the first volume of Scotty's life "The Life & Times of Scotty Bridlington" we left him living in Rio de Janeiro in Brazil, working as a Personal Trainer (PT) for the Brazilian soap star "Roberto" after they had met in London and at the beginning of a romance with Roberto's housekeeper Fernanda, better known as (Nanda) who was working and living in the same house.

It had taken Scotty a little while to settle down in his new environment and role after leaving the UK, but the very beautiful Nanda, had seen too it that Scotty had everything he needed! Scotty had been working in London after qualifying as a PT at college about two years after leaving the British Army and finding himself in Belfast fighting against the Prov. IRA.

He had been wounded in the leg whilst on patrol on the streets of Belfast and spent nearly eighteen months recovering, including from a bout of depression whilst he wondered and decided what he was going to do with himself for the rest of his young life.
