

The Shocking Truth: The Secret History Of American Nazism Exposed By Dr Rex Curry

Prepare to have your beliefs shattered and your understanding of history turned upside down. In the depths of America's past, hidden from public knowledge, lies a dark secret that has been carefully concealed for decades. Dr Rex Curry, a renowned historian, has recently uncovered evidence that reveals the shocking truth about the presence of Nazism in American society. The story he unravels is unbelievable, unsettling, and forces us to reevaluate what we thought we knew about our own history.

Unearthing the Hidden Connections

In his groundbreaking research, Dr Rex Curry has discovered a web of connections that stretches beyond what anyone could have imagined. These connections link prominent American figures to Nazi ideology and activities during the early 20th century. From politicians to businessmen and even Hollywood icons, the evidence reveals a hidden network that sought to bring Nazi principles to American soil.

But how could this happen in a country that was known for its fight against Nazi Germany during World War II? The answer lies in the complex social, political, and economic climate of the time. Dr Curry argues that many Americans were sympathetic to the ideas of Hitler and the Nazi party, and were actively involved in spreading their propaganda and implementing similar policies in the United States.

The Birth of the Swastika in America

One of the most astonishing revelations brought to light by Dr Rex Curry is the widespread use of the swastika symbol in America before it became associated with the Nazis. Often mistaken as a symbol of peace and good luck in ancient cultures, the swastika was appropriated by American entities long before Hitler's rise to power.

Dr Curry presents evidence of swastika-themed products, advertisements, and even flags in the United States. He argues that these early uses of the swastika laid the foundation for its adoption by American supporters of Hitler, who saw it as a powerful emblem to promote their own cause.

The Influence of American Nazism

Another aspect explored by Dr Rex Curry is the influence of American Nazism on the formation of Nazi policies in Germany. Contrary to popular belief, it appears that Hitler and his followers drew inspiration from American eugenicists, who advocated for the sterilization of "undesirable" individuals and promoted an ideology of racial superiority.

Dr Curry presents compelling evidence that Nazi leaders studied American eugenics programs and implemented similar strategies in Germany. This shocking connection between American and German ideologies raises unsettling questions about the extent of America's influence on the formation of Nazi policies.

The Conspiracy of Silence

One of the most perplexing aspects of Dr Rex Curry's discoveries is the conspiracy of silence surrounding American Nazism. How could such a significant part of American history remain hidden for so long? Dr Curry argues that powerful individuals and institutions had a vested interest in suppressing this information, fearing the implications it would have on their reputations and public perception.

He suggests that high-profile figures and influential organizations actively played a role in covering up the involvement of American elites in spreading Nazi propaganda and implementing Nazi-like policies. The extent of this cover-up is shocking, and Dr Curry's research sheds light on the mechanisms used to bury this disturbing history.

Revealing the Truth

The work of Dr Rex Curry has opened a Pandora's box of historical knowledge. It challenges our understanding of American history and raises unsettling questions about the dark underbelly of our society. The revelations presented by Dr Curry require further investigation and demand that we confront the uncomfortable truths of our past.

As we grapple with the weight of this knowledge, it is crucial to acknowledge that the actions of a few individuals do not define an entire nation. However, it is

through facing the truths buried in history that we can strive towards a better future, one that is free from the shadows of past atrocities.

Dr Rex Curry's groundbreaking research serves as a reminder that the pursuit of truth is a constant battle against ignorance and manipulation. It is only through the tireless efforts of individuals like Dr Curry that we can hope to uncover the secrets that shape our world.

The Truth Shall Set Us Free

Now armed with this newfound knowledge, it is up to us, as citizens, to continue investigating and questioning the official narratives we have been fed. We must resist the urge to sweep uncomfortable truths under the rug and instead shine a light on the darkest corners of our history.

Dr Rex Curry's revelations may be shocking, but they are an important step towards reconciling with the past. Only by acknowledging the truth can we strive for a future free from the shadows of our history.

So, brace yourself for the uncomfortable truths that lie ahead and embark on a journey of discovery. The secret history of American Nazism has been exposed, and it is up to us to comprehend its implications and learn from the mistakes of our predecessors.

The Pledge of Allegiance was the origin of the Nazi salute and Nazi behavior. Under Germany's Nazis, the swastika symbol was crossed "S" letters for "SOCIALIST" (for the National Socialist German Workers Party). Those are only two of the amazing discoveries in this blockbuster that have been left out of similar books on this topic.

This blood drenched book offers eye-popping new analysis of the origins of fascism and explores the discoveries of the historian Dr. Rex Curry. Replacing conveniently manufactured myths with surprising research, the author Micky Barnetti reminds us of the history of robotic chanting en masse and on cue, accompanied by violence for anyone who refused to submit.

Discover the secret of how the military salute was the origin of the fascist salute.

Study the Wholecaust (of which the Holocaust was a part).

Learn how the word "Fascist" is related to the word "faggot."

Calling someone a fascist is the fastest way to shut someone up, defining their views as beyond the pale. But who are the real fascists in our midst? According to the author Micky Barnetti, the pledge remains the first fascist bullying that begins each day in government schools (fascist schools) in Police State USA.

The quintessential Liberal Fascist isn't an SS storm trooper; it is a public school teacher brainwashing children every day for 12 years of their lives.

These revelations may sound odd to modern ears, but that is because we have forgotten what fascism is. In this smart, contentious book, Barnetti turns our preconceptions upside down and shows us the unvarnished meaning of Liberal Fascism.

Find out why, if the truth were taught about the Pledge of Allegiance, then everyone (other than fascist kooks) would refuse to perform Francis Bellamy's quotidian mechanical ritual.

The fascist salute was performed by public officials in the USA from 1892 through 1942. What happened to the photographs and films of the American fascist salute performed by federal, state, county, and local officials? Those photos and films are rare because people don't want to know the truth. Public officials in the USA who preceded the Adolf Hitler and the Benito Mussolini were sources for the stiff-armed salute (and robotic chanting) in those countries and other foreign countries.

Explore how the "ancient Roman salute" myth originated from the city of Rome in the state of New York (not Italy), Francis Bellamy's hometown. Learn about Mussolini's strange gift to the city of Rome, NY: a statue of two human male infants suckling on a female wolf. That statue remains on display in Rome, NY.

Find out who you are, what you are, and how you got to be that way. Also learn who you should blame: your government's schools (fascist schools).

Remove the pledge from the flag; remove flags from schools; remove schools from government.

The Pointer Institute proudly presents another news-breaking volume from the Dead Writers Club (DWC) and Micky Barnetti.

A portion of the proceeds of the sale of this book will aid the "Stop the Pledge Foundation" to liberate children and adults from the Pledge of Allegiance.
