Besides its fashion-forward design, the cloche hat provides excellent functionality. Its snug fit keeps your head warm during chilly weather, making it an ideal accessory for the fall and winter seasons. The brim also helps shield your eyes from the sun, offering protection on sunny days while adding an element of allure to your overall look.

## Gathering the Materials

Before you begin crocheting, make sure you have all the necessary materials at hand. The good news is that the materials required for this project are easy to find and affordable. You will need:

- A crochet hook (size H/8 or 5mm) - Ensure that your hook matches the recommended gauge for the specific yarn you'll be using.
- Medium weight yarn - Opt for a soft and comfortable yarn, such as acrylic or wool, in your choice of color.
- A tapestry needle - This will be used for weaving in ends and sewing any additional decorative elements.
- Scissors - Essential for cutting yarn and trimming any excess.
- Stitch markers (optional) - You can use these to mark important points in your pattern to ensure accuracy.

## The Crochet Pattern

Now that you have all your materials prepared, let's dive into the step-by-step process of crocheting your own cloche hat.

## **Step 1: Creating a Foundation Chain**

To get started, create a foundation chain of 75 stitches. This will serve as the base for your hat. Remember to leave a long tail of yarn at the beginning for later use in sewing the two ends together.

## **Step 2: Connecting the Chain**

After creating the foundation chain, connect the last stitch with the first stitch to form a ring. This will allow you to work in continuous rounds, eliminating the need for a seam.

## **Step 3: Working the First Round**

In the first round, single crochet into each stitch of the foundation chain. This will create a solid base for your hat. Remember to place a stitch marker at the beginning of the round for easy reference.

## **Step 4: Increasing Rounds**

For the next five rounds, continue single crocheting into each stitch, but also increase the stitch count by two at equal intervals. This will gradually widen the diameter of your hat while maintaining a smooth and seamless appearance.

## **Step 5: Shaping the Crown**

Once your desired diameter is achieved, it's time to shape the crown of your cloche hat. Begin by single crocheting into the next stitch, followed by two single crochets in the following stitch. Repeat this pattern until the end of the round. This will create a slight increase in height and add a gentle curve to the top of the hat.

## **Step 6: Completing the Hat**

Continue single crocheting in each stitch for the next few rounds until the hat reaches your desired length. Feel free to try the hat on occasionally to ensure a perfect fit. Once you're satisfied with the length, fasten off the yarn, leaving another long tail for sewing the top shut.

## **Finishing Touches**

Finally, weave in all loose ends with your tapestry needle. Take the long tail from the beginning and sew the two ends of the foundation chain together to close the brim of the hat. You can also add decorative elements, such as a bow or flower, to enhance the hat's overall appearance.

Voila! You have created your very own stunning cloche hat! Put it on, admire your handiwork, and enjoy the countless compliments coming your way.

A cloche hat is the perfect accessory for cooler days, keeping you warm without compromising on style. The hat's style and shape are very flattering and offer a hint of Downton Abbey vintage flair.

The completed hat measures approximately 21" (53.5 cm) in circumference, but there is plenty of stretch so it is suitable for most sizes.

The cloche hat is made using light worsted (double knitting/8 ply) yarn and only requires a 2 oz skein (50 g ball) in each of the two colors to complete. The pattern is easy to follow, quite quick to make, and the finished hat looks so stylish that you will want to make more in different colors to complement any outfit.
