Paphos is not only a city of historical significance but also a thriving hub for technology and innovation. The city has a strong presence in the information technology sector, making it an ideal location for a conference of this magnitude. With its vibrant atmosphere and modern amenities, Paphos provides the perfect setting for attendees to immerse themselves in the conference while enjoying the local culture.

Conference Program

The 17th IFIP TC 13 International Conference boasts an exciting and diverse program, featuring renowned keynote speakers, workshops, paper presentations, and interactive sessions. The conference program is designed to cater to the interests of academics, industry professionals, and students alike. It covers a

wide range of topics within human-computer interaction, including user experience design, interaction design, social computing, and more.

Some of the prominent keynote speakers at the conference include:

- Dr. Sarah Johnson – Acclaimed researcher and author in the field of user experience design.
- Prof. Michael Anderson – Expert in interaction design and usability.
- Dr. Emily Davis – Influential figure in social computing and the impact of technology on society.

These expert keynote speakers will share their knowledge, insights, and future visions, providing attendees with valuable perspectives on the future of human-computer interaction.

The conference also offers a series of workshops and interactive sessions where attendees can gain hands-on experience and collaborate with peers. These sessions cover a wide range of practical topics, such as prototyping techniques, UX research methodologies, and human-centered design. Whether you are new to the field or a seasoned professional, these workshops provide an invaluable opportunity to enhance your skills and stay up-to-date with the latest industry trends.

Networking and Social Events

Aside from the thought-provoking sessions, the conference offers numerous opportunities for networking and socializing. Throughout the event, attendees will have the chance to connect with fellow professionals, exchange ideas, and establish potential research collaborations or business partnerships. The conference also organizes social events, such as a welcome reception, gala

dinner, and excursions, providing a relaxed setting to interact with other participants.

The conference organizers understand the importance of building meaningful connections in the field. Therefore, they have carefully designed the schedule to allow ample time for informal discussions and networking, creating an atmosphere that encourages collaboration and relationship-building.
