

Unveiling the Exquisite Art of Drawn Thread Embroidery by Ken Rossignol

Embroidery, as an art form, has been cherished for centuries. Through intricate needlework, vibrant threads come to life, meticulously creating stunning designs on fabric. Among the various techniques in embroidery, one that captivates with its delicate beauty is Drawn Thread Embroidery.

Renowned artist and master embroiderer, Ken Rossignol, has astonished the crafting world with his unparalleled expertise in this marvelous technique. Rossignol's creations in Drawn Thread Embroidery have become true masterpieces, enchanting art enthusiasts and collectors alike.

The Artistry Behind Drawn Thread Embroidery

Drawn Thread Embroidery is an ancient technique that involves meticulously removing individual threads from a fabric, leaving behind a grid-like pattern. The remaining threads are then intricately manipulated, creating intricate patterns and motifs.

Drawn thread embroidery has been practiced and esteemed for centuries, producing the kind of elaborate linen tablecloths, veils, and shawls passed down through generations. You might think it's too complicated, expensive, and time-consuming to do today. But, in fact, it can be done by anyone who is simply handy with a needle; instead of linen you can use many inexpensive modern fabrics; and while there are many meticulous, intricate designs and patterns, this unique book has lots of ideas for quick and easy projects that will lend beauty and drama to your home and wardrobe.

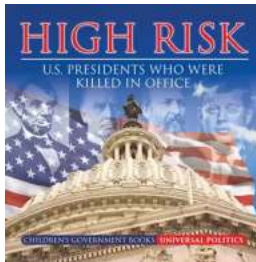

There are separate chapters on all of the well-known drawn thread varieties--needleweaving, reticella, Russian drawn ground, Hedebo, and Hardanger--and even an explanation of how drawn thread techniques can be adapted to the sewing machine.

With over 140 photographs and 97 line drawings, this comprehensive book brings a timeless art into the '90s with as much style as precision.
